

PINE BUSH CENTRAL SCHOOL DISTRICT

Lyn Prestia, Director of Food Services

STUDENT ACCOUNT FORM

The Pine Bush Central School District uses computerized cash registers in your child's school cafeteria. All students have a personalized identification number (PIN) to use when purchasing meals and / or ala carte items. At mealtime, students enter their 6 digit pin at the register. The computer will record the sale and deduct the amount from any prepaid balance in the student's account. Cash will continue to be accepted on the line daily; however prepayment makes for speedy lines and no lost lunch money!

Meals may be prepaid by the week or by the month and those meals will be deducted from the account as they are used. If the student is eligible for reduced meals, prepayments can be made to pay for reduced price meals.

Important: All student accounts are set up as restricted, to allow one breakfast and one lunch daily from prepaid funds on account. You may choose to **unrestrict** your child's account and **allow** additional purchases such as milk, additional food items, and snacks from prepaid funds. To do so, the Account Form must be completed and turned in to the main office or food service department for processing. **If you have completed this form previously, there is no need to complete a new one as the account status remains unchanged.**

ACCOUNT FORM

This form gives permission to "unrestrict" the account of the students listed below to purchase all items with prepaid funds on account.

Student Name _____

Student Name _____

Student Name _____

Teacher _____ **Grade** _____ **School** _____

Parent's Signature _____
